## 22 **EXAMINER'S OBJECTIONS**

- 1 am canceling claims 22-44 and have rephrased the claims, now starting with
- claim 45, to conform to the best of my ability to the crafting and semantics
- provided by the examiner, Mr. Freay, in his "Examiner's Proposed Amendment".
- The examiner, Mr. Freay, said he would issue my patent if I accepted his
- 27 proposed amendment. Applicant alleges the examiner's amendment is easily
- 28 "written around", thus has taken his wording and semantics deleted items and
- 29 made changes to some words in the amendment to prevent "write around." The
- 30 examiner's original "Proposed Amendment" is attached for reference as an
- 31 endnote to this correspondence.
